

Belts

Premium Aramid Cord & OEM Exact Replacement

Advanced Cutting Technology

BELTS

FEATURES

Oregon® Premium Aramid Cord Belts

- *Aramid fiber belt cord*
- *Tubular weave fabric cover*
- *Unique blue color*
- *Heavy duty rubber core*

Oregon® Exact Replacement Belts

- *Made to exact OEM specifications; length width and cord by an OEM supplier*
- *Tubular weave bias-cut wrap*

BENEFITS

- *Provides maximum resistance to shock and minimizes stretch.*
- *Designed specifically for lawn and garden clutching type drives. More flexible than other weave, longer life in backside idling applications.*
- *Easily identified.*
- *Provides great resistance to the elements, greater flexibility and longer life.*
- *Gives same performance and fit as the original belt. Best fit for OEM applications.*
- *On wrapped belts, the static conductive cover protects the core and has high flexibility for long life even on small pulleys.*

Oregon OEP Belt Application Guide

- *Over 600 pages. Lists references for all the major lawn and garden manufacturers.*
- *Lists OEM model number and size.*
- *OEM quick X-Reference*
- *Most complete guide available*
- *Quick and easy to use, even without a part number*
- *Easy, even with only the OEM part number*
